

'all about me' High Tea

Zonta International Auckland Clubs and Endometriosis New Zealand (ENZ) are delighted to be joining together to host this inaugural fundraising event to be held in the very special and unique Grand Tearoom of the Heritage Hotel, Auckland. The graceful vault ceiling with its intricate plasterwork is the perfect venue for this occasion, which will include musical entertainment and amazing items to be auctioned.

All monies raised will assist in funding and promoting the roll out of ENZ's *'all about me'* nationwide programme, reaching at risk young women and girls.

Zonta International is a global organisation of professional and business women working together to advance the status of women worldwide through service and advocacy.

In May 2008, Zonta NZ and ENZ formed a partnership to work together to build awareness of endometriosis and its impact of this disease upon women, girls and families. Zonta Clubs in NZ have embraced this initiative and have held special fundraising events to raise monies to bring the *'all about me'* programme into their own regions.

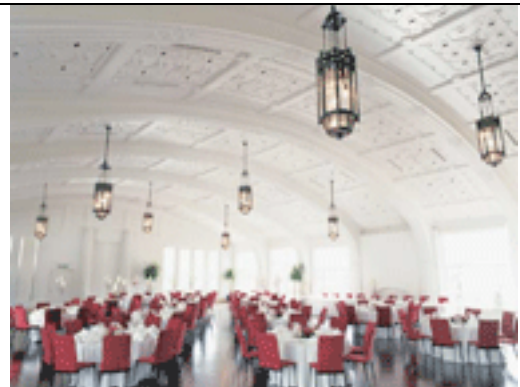

Zonta is proud to partner with ENZ - through this partnership our members continue to meet our organizations goals at both a district and local level.

The Zonta Clubs of Auckland are committed to making this a memorable and successful fundraising event and to ensure that the *'all about me'* nationwide programme continues its roll out

Maureen Heine
